Mission Statement

The Mission of the McIntosh County School System is to provide a high quality education for all of our students.

Vision Statement

Our vision is to be a school system that ensures an excellent and equitable education for our students, all of whom will graduate, be lifelong learners, and be successful citizens.

Federal law prohibits discrimination on the basis of race, color, or national origin (Title VI of the Civil Rights Act of 1964); sex (Title IX of the Educational Amendments of 1972 and the Carl Perkins Vocational and Applied Technology Education Act of 1990); or disability (Section 504 of the Rehabilitation Act of 1973 and the American with Disabilities Act of 1990) in educational programs or activities receiving federal financial assistance.

Employees, students, and the general public are hereby notified that the McIntosh County Board of Education does not discriminate in any educational programs or activities or in employment programs or activities or in employment policies.

Inquiries concerning the application of the Perkins Act, Title I, Title VI, Title IX, or Section 504 and ADA to the policies and practices of the Board of Education may be addressed to the McIntosh County Board of Education, 200 Pine Street, Darien, Georgia 31305; to the Regional office for Civil Rights, Atlanta, Georgia 30323; or to the Director, Office for Civil Rights, Education Department, Washington, D.C. 20201.
Dear Students and Parents,

Welcome to the 2016-2017 school year in McIntosh County! I am so excited about the tremendous opportunities we have this year. Whether you are a student returning to the same school you attended last year, you moved up a grade that took you to a new school in our community, or you are a new student to our system, you will find our outstanding faculty and staff equipped with exciting new instructional strategies and resources, and prepared for an exciting year!

Students, the opportunity is yours; make the most of it! Education levels the playing field. It doesn’t matter who you are or where you come from, the quality education offered you in the McIntosh County School System can prepare you for success in life. You have to take it. Teachers can’t do it for you, nor can your parents. Only YOU can make the decision to learn and become someone great!

Parents, thank you for entrusting your child(ren) to us, but we need your help. We need you engaged with your children at home, reinforcing the importance of school, ensuring that homework is done, making sure children get plenty of rest, and come to school every day prepared to learn.

Finally, let me say that I am thrilled to be your Superintendent and am committed to raising the achievement levels of all students in McIntosh County. Have an outstanding year!

Sincerely,

Dr. John D. Barge
Superintendent

EARLY DISMISSALS

PLEASE DO NOT TAKE YOUR CHILD/CHILDREN HOME EARLY UNLESS IT IS AN EMERGENCY. Early dismissals interfere with the learning process.

Early dismissal procedures are as follows:
1. Parent/guardian signs the student out in the office.
2. The parent/guardian will be given a copy of the early dismissal slip by the secretary to take to the student’s teacher.
3. The parent/guardian will walk to the student’s class.
4. The student will be released to the parent/guardian by the teacher after receiving the early dismissal slip.
5. Students will only be released to those persons listed on the Student Pick-Up form.

Please make sure you provide us with current telephone numbers where someone can be reached at all times. An ID will be requested.
Academics

ADVANCED PLACEMENT (AP)

Each year, students who want to learn and achieve at the highest level become AP students. Through AP's college-level courses and exams, you can earn college credit and advanced placement, stand out in the admissions process, and learn from some of the most skilled, dedicated, and inspiring teachers in the world. Class rigor is to be expected as well as student dedication. Teacher recommendation is expected and requirements have to be met to qualify. Please check with counselor regarding qualification requirements.

CLASS AND TEACHER ASSIGNMENTS

Please note that scheduling high school students for classes is a complicated procedure that is very different from scheduling elementary or middle school students. It is not possible to schedule every student with the exact sequence of classes because all classes are not taught each period. All scheduling is computer generated and although each student’s schedule may not be exactly as he/she desires; computer generating provides a fair and equitable opportunity for each student. Elective classes are given based on student requests from the class selection form and are scheduled after academic classes. Please do not request schedule changes during year.

In order to participate in the commencement exercises of McIntosh County Academy, a student must meet the required number of units for graduation. If these requirements are not met, students are not allowed to participate in the ceremony. If a student earns the required number of units at the conclusion of summer school, a diploma with the appropriate date will then be ordered.

* Seniors with outstanding fines, fees or unreturned school property will not receive their final transcript or be allowed to participate in graduation ceremony.  
* Based on negative behavior, seniors can be removed from taking part in the graduation ceremony. Students have earned their diploma, but the ceremony is a privilege.  
* Attending graduation practice is mandatory in order to participate in the graduation ceremony.  
* Any pranks, defacing of school property, vandalism, graffiti, or being on school property during unauthorized times may result in not participating in graduation exercises and possible criminal charges filed.

**GRADUATION REQUIREMENTS**

All students will be required to complete a total of 23 units of credit for graduation. All students must take:

- 4 units of English, including: 9th Grade English and American Literature  
- 4 units of Science, including: Physical Science or Physics and Biology

  - Fine Arts  
- At least 4 additional electives  
- 1 Health/Physical Education course

* Students planning to enter or transfer into a University System of Georgia institution must take two units of the same foreign language.

State graduation requirements for students are determined by State Board of Education rules, which vary depending on the school year the student enters the ninth grade for the first time.
HOMEWORK

Homework is an extension of class work and should be challenging and meaningful. It will be used to reinforce what is taught at school, **not to introduce new content**. Parents will receive a copy of their child’s teacher’s homework policy at the beginning of the school year. Parents enrolling students after the beginning of the school year should ask the teacher for a copy of the homework policy. Teachers will clearly explain homework requirements when assigned. Parents should check all homework to make sure that it is complete and accurate. It is understood that the amount of homework may vary with individual students. Homework will be reviewed by the teacher. If homework consistently takes longer than what seems reasonable, the parent should talk with the classroom teacher. If the problem cannot be resolved, the parent should talk with the principal. In order to assess a child’s knowledge base, homework should be the child’s work. Please monitor your child to be sure he/she is mastering the grade level standards.

In order to stay informed of your child’s progress and to effectively communicate with the teacher(s), the following methods are suggested:

- Review Daily Assignments with Your Child
- Review Weekly Progress Reports and Make Comments if Appropriate
- Contact the Teacher for a Conference,
- Attend Curriculum Nights/Workshops
- Review Special Project Assignments and Provide needed Supplies

HOSPITAL/HOMEBOUND INSTRUCTION

If a student will be absent for more than 10 days due to injury or illness he/she is eligible for home/hospital instruction. The parent/guardian must request a special form from the Director of Special Education located in the Board of Education Annex and have it filled out by the doctor responsible for treatment of the student. Teachers are responsible for preparing work for home/hospital students.

HONOR GRADUATES

An Honor Graduate is a graduating senior whose cumulative grade point average is 90 or above at the end of the 3rd Nine week grading period.

HONOR ROLL

Nine weeks and/or semester honor roll will be based on the following averages:

- A Honor Roll: **90-100**
- A-B Honor Roll: **80-100**

A student must receive credit for all classes to be eligible for the Honor Roll with all A’s or all A’s/B’s.

The Honor Roll will be published at the end of each nine week grading period.

MAKE-UP WORK

Make-up work requires “time for time.” For example, if a student is absent three consecutive days, the student has three days after he/she returns to complete any make-up work to receive full credit. Students will not receive unlimited time to complete make-up work. Grades may stand in grade book as a 0 until made up within expected timeframe.

POST-SECONDARY OPTIONS (Move On When Ready)

In 2015, the Georgia General Assembly passed a law that streamlined the existing dual-credit programs. As a result, Accel, Dual HOPE Grant, and the original Move On When Ready have been combined into one program entitled Move On When Ready (MOWR), in which high school students may earn high school course credits while taking college courses. Georgia’s Move On When Ready program is available to any Georgia student in grades 9-12 enrolled in a public, private, or home-study program. Additional details may be obtained by clicking on the link below or contacting the high school counselor.
PROCEDURES FOR OBTAINING ACCESS TO STUDENT RECORDS

Any person whose parental rights have not been specifically revoked by court order, any guardian, or any individual acting as a parent in the absence of a parent or guardian may inspect the education records of his or her child during the hours of 8:00 a.m. and 3:00 p.m. Monday through Friday while school is in session. Generally, a parent will be permitted to obtain a copy of education records of his/her child upon reasonable notice and payment of the reasonable copying cost of twenty-five cents per page. Student records will be forwarded to schools within or outside the McIntosh County School System upon request of the school where a student is enrolling. Procedures for obtaining access to student records are outlined in the McIntosh County Board of Education Policy Manual under J-Student Records: https://eboard.eboardsolutions.com/ePolicy/policy.aspx?PC=JR&Sch=4113&S=4113&RevNo=1.11&C=J&Z=P

PROMOTION REQUIREMENTS

Kindergarten Criteria for Promotion
Students in kindergarten must be recommended for promotion by the classroom teacher. The teacher’s recommendation should be based on the results from the state-mandated kindergarten assessment. The teacher’s recommendation should also be based on documentable data and might include other sources such as: classroom performance, subject area achievement, local curriculum benchmark assessments, teacher observations, and other sources.

Grades 1-8 Criteria for Promotion
Students must earn a yearly passing grade in four (4) academic subjects and be recommended for promotion by the classroom teacher. (The teacher’s recommendation should be based on documentable data and might include sources such as: attendance, classroom performance, subject area achievement, local curriculum benchmark / unit assessments, teacher observations, and other sources). The results of any state-mandated assessments should be reviewed and considered in making a decision about student placement and instructional support when required and whether the student meets the requirements as outlined in Section 3 of this policy (Georgia Requirements for grades, 3, 5, and 8.)

Grades 9-12 Criteria for Promotion
Students in grades 9-12 are promoted on the basis of the number of units earned each year and core academic credits earned. The following will indicate the number of credits needed to be promoted to a 10th, 11th or 12th grade at the end of the school year:

Promotion to 10th grade requires passing 6 units including 1 credit in each of the four core academic content areas of English, math, science, and social studies.

Promotion to 11th grade requires passing 13 units including 2 credits in each of the four core academic content areas of English, math, science, and social studies.

Promotion to 12th grade requires passing 20 units including 3 credits in each of the four core academic content areas of English, math, science, and social studies.
Additional information on promotion/retention may be obtained by reviewing McIntosh County Schools Promotion/Retention Policy (Policy IHE) clicking on the link below.

PSAT

The purpose of the PSAT is to assess students’ verbal and mathematical reasoning skills, to prepare them for the SAT and to allow them to compete for scholarships. The verbal section tests reasoning skills, vocabulary, sentence completions and critical reading items. The math section tests reasoning, problem solving in arithmetic, algebra and geometry. Because of the keen analytical, reading, problem-solving, verbal and mathematical skills needed, students can improve their scores by mastering the content of rigorous high school courses. Students can use the PSAT to prepare for the SAT and to examine their future academic success. They can also compete for scholarships, such as the National Merit and National Achievement Scholarships. By taking the PSAT, students will also become aware of the need to take rigorous courses in high school. This will increase their ability to enroll in and succeed in the college of their choice because they will have a strong high school preparation and be able to earn their best SAT scores.

REQUIRED REGISTRATION / SCHOOL ENTRY INFORMATION

The following information is required before we can register a student in McIntosh County Schools:

- Certified Birth Certificate
- Proof of residency (This is normally a utility bill or lease agreement with the student’s 911 address on it.)
- Copy of withdrawal form from the previous high school
- A discipline report and attendance history from previous school
- Immunization Certificate from a Georgia Health Department*
- Vision, Hearing, and Dental Screening Certificate from a Georgia Health Department
- Social Security Card
- Release of Records form (to request academic, attendance, and discipline records)
- In some cases, legal documents describing custody may be required.

We realize that some of this information is difficult to obtain. We regret any inconvenience, but it is necessary according to Georgia State Law and McIntosh County BOE policy that the information is provided before entering McIntosh County Schools.
*If you do not have these items, you may still enroll your child, but you will have 30 days in which to obtain them. The student may be asked to withdraw after 30 days for non-compliance if the required documentation is not provided.

If you are transferring from another state or country, you have 90 calendar days in which to provide these health certificates. Ultimately, it is the responsibility of the student and their guardian(s).

Note: Parents should immediately report the health status of their child to the school principal if a physician diagnoses a communicable disease.

SB 114 – Educational Placement of Children in Military Families affects children of parents on active military duty, with a few exceptions. It requires that children’s school placement be based on “unofficial” records and that “official” records be requested simultaneously. It further mandates that a student’s age not be a part of the placement decision if prerequisite requirements have been met in another state. Receiving systems must honor placements determined by the sending schools, although nothing prohibits schools from conducting their own assessments once the student enrolls. Schools must accept a special power of attorney for enrollment purposes, may not charge tuition to these students, and must “facilitate” their participation in extracurricular activities, as well as their on-time graduation. Schools may grant additional unexcused absences for students to visit with parents on leave.

**SCHEDULE/CLASS CHANGE POLICY**

Students may receive their completed schedule for the upcoming year before classes begin in August. Students will also be provided with a copy of their class schedule on the first day of school. The counseling office and administrators will evaluate each student’s schedule and make changes based on conflicts or omission of academic classes needed for graduation.

**TEACHER AUTHORITY (20-2-737 & 20-2-738):**

A teacher shall have the authority to remove from his or her class a student who repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn.

**TESTING**

**Georgia Milestones State Testing**

All Georgia schools administer the Georgia Milestone for Grades 3 - 12. The Georgia Department of Education has mandated End-of-Grade assessments in grades 3-8 and End-of-Course tests in eight high schools courses, 9th English, Algebra I, Geometry, Biology, American Literature, US History, Physical Science, and Economics.

According to State law, the **high school** End-of-Course tests will count 20% of the student’s final grade. Student Learning Objectives (SLOs) may be used on non-Ga. Milestone subjects weighted at 20% of final grade also.
Final Examinations (High School Only)

- Students are responsible for being present for final examinations.
- Make-up exams will only be given in cases of documented emergencies.
- The make-up exams must be completed within 5 calendar days of the student’s return to school.
- A Senior who misses the final exams may be removed from the graduation ceremony.
- Exams may NOT be given early without prior written approval from the principal.

SAT Testing Dates

Colleges, universities, and scholarship programs use a student's academic record and SAT (or ACT) scores to determine if the student is prepared to enter post-secondary education. SAT scores help a student understand reasoning ability and academic strengths. Scores help a student decide if additional courses are needed to help prepare for college.

After students complete the 3rd nine weeks of their senior year, MCA will identify the valedictorian and salutatorian based on the weighted GPA. In the event of a tie, the criteria listed below will be used to determine who will be awarded the designation in the following order:
1) Highest Composite Standardized College Entrance Examination Score. Either the SAT or ACT will be used. If needed, the most recent College Board/ACT joint study score concordance (www.act.org/aap/concordance) chart will be used to determine a comparison between scores if necessary.
2) Rigor of Schedule. AP Course = 2 points, College Course = 2 points, Advanced Class = 1 point.
3) Numerical average of all high school End-Of-Course-Test scores. In the event each of the 3 above stated tie-breakers produce a continued tie, Co-Valedictorians or Salutatorians will be declared and each student will share equally in the honor.

ATTENDANCE

The following attendance protocol will be enforced by McIntosh County Schools:

- All students should be on time and attend school daily.

BUS DISCIPLINE PROCEDURES

School bus drivers will carry out a discipline plan approved and suggested by the system. Referrals that come in from bus driver will be dealt with by an administrator and may result in suspension off the bus. Severe misbehavior may result in suspension from school. CODE OF CONDUCT

It is the policy of the McIntosh County Board of Education that each school within this school district shall develop and implement age-appropriate student codes of conduct designed to improve the student learning environment and which will comply with state law and State Board of Education Rule 160-4-8-.15. Each code of conduct shall include the following:

1. Standards for student behavior designed to create the expectation that students will behave themselves in such a way so as to facilitate a learning environment for themselves and other students. The standards should be designed also to encourage students to respect each other and school district employees, to motivate students to obey student behavior policies adopted by this board and to obey student behavior rules established at each school within this school district;

2. Student support processes may be considered as appropriate in light of the severity of the behavioral problem, support services available at each school, the school system and other public entities or community organizations which may assist students to address behavioral problems;

3. Progressive discipline processes designed to create the expectation that the degree of discipline imposed by each school will be in proportion to the severity of the behavior of a particular student, the previous discipline history of the student and other relevant factors, while ensuring that each student receives the due process mandated by federal and state law;

4. Parental involvement processes are designed to enable parents, guardians, teachers and school administrators to work together to improve and enhance student behavior and academic performance. The process should enable parents, guardians and school employees to communicate freely their concerns about student behaviors which detract from the learning environment.

Each school shall involve parents in developing and updating student codes of conduct. Each code shall require disciplinary action for each infraction of the code. All student codes of conduct shall be submitted to the Board for approval.

Pursuant to O.C.G.A. 20-2-736 the student code of conduct shall be distributed to each student and the student’s parents or guardians during the first week of school and upon enrollment of each new student. The parents shall be requested to sign an acknowledgment of the receipt of the code of conduct and return promptly the acknowledgment to the school. The student code of conduct shall be available in the school office and each classroom.

There is a Positive Behavior Intervention & Strategies (PBIS) program in place to reward and encourage positive behavior in McIntosh County Schools. As rewards are age-level appropriate, please consult your local school for additional information.

Each school will maintain a uniform dress closet. This closet will contain a variety of sizes of uniforms for students who are newly enrolled or are noncompliant.

Students newly enrolled in the school system will be given ten (10) school days to prepare adequately for the dress code policy. Until that time, they may borrow uniforms from the Uniform Dress Closet without penalty. However, students must wear a school uniform each day.

Non-compliance Procedures
Each school will strive to achieve full compliance within the guidelines of the Uniform Dress Code Policy. *Board Approved February 13, 2014
DRIVERS’ LICENSES

The Teenage and Adult Driver Responsibility Act was signed into law in April of 1997. According to its guidelines, the following are standards that must be met before obtaining a driver’s license before the age of 18:

- A certificate of enrollment signed by the proper school personnel must be presented.
- This document is located in the main office (available during non-instructional times).
- It takes 24 hours to get this certificate.
- There is a fee of $1.00 for this service.

DUE PROCESS COMMITTEE

A Due Process Committee is available in situations where students and parents feel unfairness has taken place. This committee will only hear concerns where rules or policies are unclear or unavailable. This group of 3 faculty members will hear situation and make recommendations to administration with majority rules. In the event that a member is involved in the situation, a previously appointed alternate will step in. This committee will only provide an unbiased recommendation to the principal. In no way can this committee overturn or make a final decision.

CELL PHONE / ELECTRONIC DEVICE

Display or use of cell phones and other electronic devices during instructional time is prohibited without expressed permission by teacher for instructional purposes only. At the principal's discretion, the use of personal electronic devices may be allowed during non-instructional time.

To limit distractions and promote learning, any cell phone heard or seen by an employee during instructional time, when prior permission to use for instructional purposes has not been granted, may be confiscated. On the first offense, phone may be returned to parent/guardian any time after 3:30pm. For subsequent offenses, a parent/guardian will have to pick up electronic device and a student will receive a level #2 intervention. Refusal to give up electronic device to administrator could result in out of school suspension.

Selfie sticks are not allowed at school and may be confiscated and picked up by parent/guardian. Multiple offenses may lead to level 2 discipline offenses.

Headphones/Ear buds can only be worn with teacher approval for computer-based instructional software. Any listening device used without teacher approval for instructional purposes will be confiscated, and parent/guardian will have to pick up after school. Multiple offenses may lead to level 2 discipline offenses.

Policy Code Impacted: JGCD – Medicines

This policy authorizes a student to carry and be allowed to self-administer prescription auto-injectable epinephrine, commonly called an “epi pen,” and also authorizes students, nurses and school personnel to administer levalbuterol sulfate, if available, to a student in perceived respiratory distress regardless of whether the student has a prescription for levalbuterol sulfate. The policy must provide that in order for a student to carry and self-administer an epi pen or levalbuterol sulfate, a parent must provide: (1) a written statement from the doctor detailing medication administration details and confirming that the student is able to self-inject; (2) permission for the school to talk to the doctor if questions arise and (3) a release of the school from liability if the student suffers an adverse reaction as a result of self-administration. The policy also must include “provisions to protect the safety of all students from the misuse or abuse” of epi pens and/or levalbuterol sulfate.

**EMERGENCY DRILLS**

*Fire drills (monthly):* The warning is a **continuous ringing of the fire alarm or three short rings** of the school bell. Students are to file out of the building to the designated area where the teacher will take roll. If the alarm rings between class periods, students should evacuate the building immediately. One continuous ring of the school bell will signal the return to classes. Any student who tampers with the fire alarm, fire extinguisher, or emergency equipment will be suspended, and the appropriate authorities will be notified.

*Tornado drills (periodically):* Students will be escorted to areas in the building that have been designated as being most tornado resistant by the Georgia Civil Defense Council. All instructions should be followed during the time of drills and during adverse weather conditions. An “**all-clear**” signal will be sounded before students will be allowed to return to their assigned classrooms.

*Bomb Threat Drills (periodically):* Students are to carry all personal items and file out of the building to the designated area where the teacher will take roll. Teachers are to check the room before leaving. Portable radios, cellular phones, walkie-talkies and pagers must be turned off during a bomb threat.

*Intruder Drills (periodically):* An announcement all call with code phrase “CODE RED” or “Intruder in the Building”. Students are to huddle in location in classroom deemed by teacher as safest and non-visible from classroom door window and remain quiet. Students are to remain in that place and position until uniform police or administrator unlocks door. Door is not to be opened by verbal request. Drill may include metal detector search prior to exiting room. Drill may include a bus escort to a safe destination predetermined. Students are to follow police request and exit in an orderly manner as a group with teacher assigned at that time. “**Soft**” Code
Red may describe an incident outside school grounds and to remain in classrooms and continue with the learning environment.

**FIELD TRIPS**

- Provided as an extension of the regular school curriculum
- Specific information regarding the date and activity will be provided prior to each field trip
- Written permission from parent/guardian is required before the field trip (must meet deadline to qualify)
- Class absences are excused
- All school rules enforced including dress code

**FLOWERS**

Flowers for students will only be accepted on Valentine’s Day and will be held in the front office until the end of the day.

**HALL PASS**

Any student out of class for any reason must have a hall pass signed, dated, and with the time and destination on it. Misuse may result in privilege pulled for individual student. Restroom passes will be limited to a certain amount per semester by each teacher. Once amount used up, students will not be allowed to go to restroom without consequence. It is the student’s responsibility to provide a note from a doctor to school nurse as to issues that may excuse a student more than normal.

Internet use must be in support of educational endeavors and research consistent with the objectives of the McIntosh County School System. Transmission of any material in violation of any federal or state regulation is prohibited. This includes, but is not limited to, copyrighted material, threatening or obscene materials, inappropriate adult sites, or material protected by trade use. Use for commercial activities is not acceptable. Use for product advertisement or political lobbying is prohibited. Students will have access privileges only at school under the supervision of a teacher. The system administrators will deem what is inappropriate use and their decision is final. There is no appeal process. Also, the system administrators may deny access at any time, as required. An administrator, faculty member or staff member of the McIntosh County System may request denial, revocation, or suspension of a specific user.

**Important Notice to Parents**

The school system is using Internet filtering technology to block or filter access to content that is obscene, pornographic, or harmful to minors on Internet-connected computers used by minors. Parents are notified that filtering technology does not block access to all inappropriate sites one hundred percent of the time. Due to the nature of the Internet, it is neither practical nor possible for the Board of Education to enforce compliance with user rules at all times. Accordingly, parents and students must recognize that students will be required to make independent decisions and use good judgment in their use of the Internet. Therefore, parents must participate in the decision whether to allow their children access to the Internet and must communicate their own expectations to their children regarding its use.

Parents/guardians must be provided a copy of the Terms and Conditions for Computer/Internet use. Internet access is designed for educational purposes and student access will be monitored. Any conduct by a student that is in conflict with these responsibilities is inappropriate, and such behavior may result in the termination of Internet access and possible disciplinary action. The Board makes no assurance of any kind, whether expressed or implied, regarding any Internet services provided. The school system or individual schools in the system will not be responsible for any damages the student/user suffers. Use of any information obtained via the Internet is at the student’s own risk. The school system specifically denies any responsibilities for the accuracy or quality of information or software obtained through its services. Further, parents/guardians must agree to compensate the school unit for any expenses or costs it incurs as a result of their child’s violation of the Internet/Computer usage agreement.

A parent or guardian must give permission for their child to access the Internet for educational purposes.

- Students shall not use the Internet in such a way as to disrupt use by others; students shall not destroy, modify or abuse hardware or software in any way; students shall not access, process, develop, download or distribute files dangerous to the integrity of the system.

Serious or repeated misuse of the Internet could result in permanent loss of Internet privileges. If a student’s misuse of the Internet is in violation of the Student Code of Conduct, the student shall be punished pursuant to the Student Code of Conduct. If a student’s misuse of the Internet is in violation of the law, such misuse shall be reported to the appropriate authorities and could be punished as a criminal offense.

4. Conclusion:

Students shall not be permitted to use the Internet at school unless this document is signed by both parent/guardian and student and returned to the student’s school. By signing this document, both parent/guardian and student acknowledge that they have read and understand the terms of this document and agree to abide by it during the entire school year the student is enrolled in MCS. Also, by signing this document, both parent/guardian and student acknowledge and
understand that: MCS is providing access to the Internet for educational purposes only; while McIntosh County Schools has taken reasonable precautions to eliminate students’ access to inappropriate materials through the Internet, no system is foolproof, and inappropriate materials may still be accessible to students through no fault of McIntosh County Schools; and if at any time, either parent/guardian or student wishes to terminate their agreement with this document, the parent/guardian or student must inform McIntosh County Schools in writing.

MEDICATIONS:

Medication Administration at School

In the interest of maintaining a healthy environment for student learning, and to provide for the welfare of students, the McIntosh County Board of Education has established the following provisions for the administration of medication at school.

Students requiring medication for their medical condition should under normal circumstances take such medication either before coming to school or after they return home. It is essential that the parents or guardians of each student promptly advise the principal or the school nurse of any medical condition of the student which might reasonably require the services of the school nurse during the school day.
1. The first dose of a new medication or new dosage should be administered at home where parents can monitor potential side effects and adverse reactions.

2. School health personnel should not administer over-the-counter (OTC) medications unless prior written authorization is obtained from parent/guardian, including name of medication, dose, routine, time, and reason to be administered. The parent should provide the medication in a new, sealed container with dispensing instructions on the label from the manufacturer.

3. All information regarding medication and health status is and should be kept confidential.

4. Prior to initial administration of a prescription medication, the school nurse should assess the student’s health status and develop a medication administration plan which includes:
   - student’s name
   - order listing name of medication, dose, route, time of administration and special instructions, if any
   - signed authorization by parent/guardian per school policy
   - contact numbers for parent/guardian
   - known allergies to food or medication
   - student’s diagnosis, unless this would be a violation of confidentiality requested by parent/student
   - any possible side effect, adverse reactions or contraindications
   - quantity of medication to be received by the school
   - required storage conditions
   - duration of prescription to be in effect
   - designation of unlicensed school personnel, if any, who will administer the medication to the student, including back-up plans
   - parental permission to notify other designated staff members of medication administration and possible side effects
   - when appropriate, the location of administration, if other than the school health room, office or clinic
   - plan for monitoring the effects of the medication
   - provision for medication administration in the event of field trips and other short-term special school events.

5. Medications needed on field trips and other short-term school events are best carried in a second pharmacy–labeled container, containing just the dose(s) needed. A school employee who has had the district-approved training can be designated to administer the medication during the trip. Parents can ask the pharmacist for an empty labeled container to be kept at school for this purpose, and the school nurse can prepare the second container and give it to the teacher. The person giving the medication should always document the dose given on the form upon returning to school (include time given, initials and signature).
   - Medications ordered for after-school program hours should be given by designated school personnel who have received the district-approved training for assisting with medication administration,
• Documentation can be done on the same forms used during the school day or on a separate form per district policy. If a separate form is used, it should contain all pertinent information and be filed with the regular forms at the end of the day and week.

To the extent such medication must be taken during the school hours or while school-related and extra-curricular events are on-going, it is the responsibility of the parent or guardian to follow this policy regarding administration of medication.

• Parent or guardian must sign and place on file with the nurse or school principal written notification to allow nurse or school designee to administer medicine.

• Parents or a guardian must deliver all medications to the school along with the signed medication form. In the event that a parent or guardian cannot deliver medication to the school, alternate arrangements must be made with the school principal. Students may not transport medicine to the nurse.

• Nurse must receive medication in its original pharmaceutical container, clearly labeled as the name of the student, name of the medication, appropriate dosage, and times of dosage and will dispense only the actual amount as prescribed on the label.

• In the absence of the school nurse, the teacher, coach, or other supervising adult designated by the school principal shall administer medication, provided the written documentation permitting such is on file with the school in accordance with the board policy and state law.

The sole exception to these procedures allows students for whom the school has supporting medical documentation and written parent/guardian permission on file to carry at all times inhalers for asthma, auto-injectable epinephrine for allergic reactions and all necessary supplies and equipment to perform monitoring and treatment functions authorized by the student's diabetes medical management plan. Students authorized to self-administer such medications shall be instructed not to permit any other student to handle, possess, or otherwise attempt to sue his/her medication and shall be informed that violations of such instructions will be dealt with in accordance with the student code of conduct.

In order for the student to carry and self-administer such medications, or in order for the school to store and administer the medication for students who are unable to self-administer because of age or any other reason, parents must provide a written statement from a licensed physician confirming that the student is able to self-administer the medication, if applicable, and written permission from the parent for the nurse or designated employee to consult with the doctor regarding any questions that may arise concerning the medication. Such permission shall release the school district and its employees and agents from civil liability for administering such medication to students, or if the self-administering student suffers an adverse reaction as a result of self-administration of such medication. The terms of this paragraph may be met through a student's diabetes medical management plan developed and implemented pursuant to state law. Parents should provide to the schools duplicate medication and supplies in the event a student is unable to self-administer or fails to bring the medication or equipment to school.

Nurses or other school employees are authorized to administer an auto-injectable epinephrine, if available, to a student who is having an actual or perceived anaphylactic adverse (allergic) reaction, regardless of whether the student has a prescription for epinephrine. Such persons are
also authorized to administer levalbuterol sulfate, if available, to a student in perceived respiratory distress regardless of whether the students has a prescription for levalbuterol sulfate. Any school employee who in good faith administers an auto-injectable epinephrine to a student in such circumstances shall be immune from civil liability.

**Emergency Seizure Medication including, but not limited to Diazepam (Diastat), Midazolam (Versed):**

1. Only nurses or trained school personnel are permitted to administer emergency seizure medication including, but not limited to, Diazepam/Diastat rectal gel and Midazolam/Versed nasal spray.
2. A completed Doctor’s order for Emergency Seizure Medication must be signed by a physician and maintained on file in the clinic.
3. An individual health care plan must be developed which:
   a. Outlines specific needs of the student with seizure disorder;
   b. Is approved by the parent/guardian; and
   c. Is reviewed by a Consulting Nurse or county-wide Special Education Nurse;
   d. Is reviewed with all teachers and supervising adults responsible for the student during school hours.

The information provided to a school in accordance with this policy will be kept on file in the office of the school nurse or, in the absence of a nurse, the school principal. Such permission shall release the school district, its employees, and agents from civil liability if the self-administering student suffers an adverse reaction as a result of self-administering of such medication.

All students, parents and guardians are also expected to cooperate with the school in its Drug Abuse Prevention Program. In order to protect all students, especially those who may have a known or unknown reaction to certain drugs, students who have in their possession prescription or over-the-counter medication not in accordance with these guidelines, including aspirin, vitamins, cold medications, cough drops, etc., or controlled substances will be considered in violation of the school district’s drug policy and shall be subject to the discipline set forth in the student code of conduct and student/parent handbook.

**MESSAGES:**

To limit interruptions to the classroom, only emergency messages will be delivered. Please give your child information needed before they leave for school. It is recommended that you write a note to the teacher about changes in pick-up procedures. Your cooperation in assisting with this matter is greatly appreciated and will prevent numerous interruptions to the learning environment. **If there is an emergency, please call the school as soon possible before 2:30 P.M., in order to ensure delivery of your message.**

**NOTIFICATION: ASSURANCE OF ACCESS**

The McIntosh County School District endorses the philosophy that education is a means by which each individual has the opportunity to reach his or her fullest potential. We believe that all students have a right to educational experiences that challenge the level of their individual development, whether it is below, at, or beyond the level of their age peers. Special programs for gifted students are one outgrowth of this commitment. Students in grades K -12 who
demonstrate a high degree of intellectual, academic, and/ or creative abilities may be nominated for evaluation to determine eligibility to participate in the Program for Gifted Students. Referrals for consideration may be made by teachers, parents or guardians, counselors, administrators, peers, self, and other individuals with knowledge of the student's abilities.

PARENTS and VISITORS

We welcome parents and visitors in all of our school in McIntosh County. However, to ensure the safety of all children, all exterior doors are locked at 8:00 each morning. **After 8:00 a.m. ALL parents and visitors must have a current visitor’s pass.** Please report to the main office upon arrival on campus to secure a pass before visiting a classroom. Please use the main entrance. Thank you for cooperating with us in this matter.

PARENT CONFERENCES

Communication is an essential part of the educational program. It is our goal to keep parents informed about their child’s progress. Parents should always feel free to request a conference with their child’s teacher. Teachers are required to hold a conference with parents or guardians of students during the 1st Semester of this school year. Please support this meaningful effort to monitor the academic progress of your child by showing up for any scheduled conference. If you are unable to attend a scheduled conference, please inform your child’s teacher(s) by using the agenda and/or calling the school office.

**Policies**

**SEXUAL HARASSMENT**

It is the policy of the McIntosh County Board of Education to maintain a learning environment that is free from sexual harassment. It shall be a violation of this policy for any employee of the board of education to harass a student through conduct or communications of a sexual nature as defined below. It shall also be a violation of this policy for students to harass other students through conduct or communications of a sexual nature as defined below:

Unwelcome sexual advances, requests for sexual favors and other inappropriate oral, written or physical conduct of a sexual nature when made by a member of the school staff to a student, or when made by any student to another, constitutes sexual harassment when:

1. Submission to such conduct is made, either explicitly or implicitly, a term or condition of an individual's education;
2. Submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting that individual; or

Such conduct has the purpose or effect of substantially interfering with an individual's academic or professional performance, or creates an intimidating, hostile or offensive academic environment.

Sexual harassment, as defined above, may include but is not limited to the following:

1. Verbal harassment or abuse
2. Pressure for sexual activity
3. Repeated remarks to a person with sexual or demeaning implications
4. Unwelcome touching
5. Suggesting or demeaning sexual involvement accompanied by implied or explicit threats concerning ones' grades, job, etc.

Any person who alleges sexual harassment by a staff member or student in the school district may complain directly to the Principal or Assistant Principals, guidance counselor or other individual designated to receive such complaints. Filing of a complaint or otherwise reporting sexual harassment will not reflect upon the individual's status nor will it affect future employment, grades or job assignments.

The right to confidentiality, both of the complainant and of the accused, will be respected, consistent with the Board's legal obligations, and with the necessity to investigate allegations of misconduct and take corrective action when this conduct has occurred.

All allegations of sexual harassment shall be fully investigated and immediate and appropriate corrective or disciplinary action shall be initiated. A substantiated charge against an employee shall subject such person to disciplinary action, which may include discharge.
A substantiated charge against a student shall subject that student to disciplinary action, which may include suspension or expulsion.

**Student Reporting of Acts of Sexual Abuse and Sexual Misconduct**

(a) Any student (or parent or friend of a student) who has been the victim of an act of sexual abuse or sexual misconduct by a teacher, administrator or other school system employee is urged to make an oral report of the act to any teacher, counselor or administrator at his/her school.

(b) Any teacher, counselor or administrator receiving a report of sexual abuse or sexual misconduct of a student by a teacher, administrator or other employee shall make an oral report of the incident immediately by telephone or otherwise to the school principal or principal’s designee, and shall submit a written report of the incident to the school principal or principal’s designee within 24 hours. If the principal is the person accused of the sexual abuse or sexual misconduct, the oral and written reports should be made to the superintendent or the superintendent’s designee.

(c) Any school principal or principal’s designee receiving a report of sexual abuse as Defined in O.C.G.A. 19-7-7 shall make an oral report immediately, but in no case later than 24 hours from the time there is reasonable cause to believe a child has been abused. The report should be made by telephone and followed by a written report in writing, if requested, to a child welfare agency providing protective services, as designated by the Department of Human Resources, or in the absence of such agency, to an appropriate police authority or district attorney.

Reports of acts of sexual misconduct against a student by a teacher, administrator or other employee not covered by O.C.G.A. 19-7-5 or 20-2-1184 shall be investigated immediately by school or system personnel. If the investigation of the allegation of sexual misconduct indicates a reasonable cause to believe that the report of sexual conduct is valid, the school principal or principal’s designee shall make an immediate written report to the superintendent and the Professional Standards Commission Ethics Division.

In addition, the Board recognizes that it has an obligation to promote positive role models in schools and promote a healthy learning and working environment, free from unwanted smoke for the students, employees, and visitors to the school campus.

Finally, the Board recognizes that it has legal authority and obligation pursuant to the Georgia Smoke Free Air Act of 2005 (O.C.G.A. 31-2a-1 et seq.) the federal Pro-Children Act (Title X of Public Law 103-227), the Georgia Youth Access Law (GA.
